DAY

#FFWRITETHISDOWN

Principal's Message: Mrs. Adrienne Owen

Welcome to the second half of the 2020-2021 school year! We have some exciting things in store for this semester.

With having students back in the building for nearly a month, we have been able to cover a lot of ground on getting our A+ for Energy Projects up and running! We are pleased to be able to share that the Grade 5/6 class has had success with their investigation of whether a hamster can produce enough muscular energy to power a lightbulb! This past week, they got to see their prototype in action - and a lightbulb went off, literally and figuratively!

Our team continues to work towards our goal of creating a Zero-Emissions Vehicle by reconfiguring our golf cart fleet to be adapted for solar energy. Stay tuned as we dive deeper into this project in the coming weeks!

We have another exciting development on our other A+ for Energy Project - our commercial hydroponic system has been tweaked, tightened, and tinkered with and is ready for growing! Our junior and senior high horticulture classes will be diving into the challenge right away, along with some of our Foods, Humanities, and Math classes, as we work to provide local produce to our community.

This second semester should end up a lot warmer than it started, giving us all even more to look forward to! In the meantime, however, we ask that students continue to dress appropriately for the weather and bundle up out there! Whether on the bus or walking to school, it is important to make sure you are wearing warm enough clothing as you never know what will happen.

With February being the month of kindness, we would like to encourage all students and staff to go out of their way this month to do something kind for someone else. We can all use a little kindness these days. The kindness "cupids" will be watching for these genuine gestures all month - if we witness any, we will be sure to call out our kind kids for their actions!

Finally, the second semester is one more chance for all students to dig in and make sure they are giving it their all - whether in their academics, leadership, athletics, or any other area in which they have a chance to shine. We are halfway through another school year - make sure to put in the effort now to make this one count.

Have a wonderful February.

Energy Project Update

The pump is pumping, the lights are glowing, and this hydroponic system is about to be growing a mountain of produce!

Remembrance Day Poster Contest Winners

Congratulations to Olivia Saruk (Grade 7), Brody Trach (Grade 4), Kyler Lubemsky (Grade 3), and Corny Neufeld (Grade 7) for submitting winning Posters to our local Legion. We are all very proud of you and wish you luck in the next round.

Library Message

Happy New Year! I hope everyone had a well deserved rest over the holidays.

The students are busy reading as they continue to reach their 2nd reporting period goal. I must say I am so impressed with how much reading was done over the holidays. Many students achieved their goals by ensuring they were reading while outside of the school building. I'm so proud of them!!

It has been a very different school year. The students from grade 3 to 12 have been learning how to send emails to request books as well as order their own books off OPAC and TracPac. This is quite a feat. I have learned never to under estimate these students abilities!

I have been busy cataloguing a lot of new books for our library. Not only have I been purchasing but we have been very blessed to have received quite a few donations. The library is a great place to donate any books that you no longer use. If we cannot use them in our library, They are offered to teachers for their classroom libraries or they are sent to other libraries In our school division. If there are any that can't find a new home they are sent to "Books for Belize" this is a great program that helps people in Belize get reading materials.

So far this year the students have taken 980 AR quizzes and read 11,323,288 words!! That's fantastic.

This month I'd like to focus on one of the many resources that are free with your public library card, focusing on PressReader

The world's largest online newspaper and magazine kiosk, over 2000 publications. Get full issues just as they appear in print.

The Myrnam Community Library patrons are being asked to order books through TracPac or to call me (780 366 3801) to request books. I will call once the books are in and have been processed (The government requires me to let all books being brought into the library to sit for 72 hours before processing them.) These books can be picked up Monday to Friday between 8:30 - 3:30 or on Tuesdays and Thursdays until 7:00pm. This is by appointment only so I can bring the books to you at the door. Please feel free to call me if you need more information or have any questions.

Happy Reading

Mrs. Evans

New to our Library

Sealed with a Secret

Schroeder, Lisa

AR 4.1 Quiz No. 182339 EN

Twelve-year-old Phoebe hopes that solving a 75-year-old puzzle will mend her relationship with her big sister, Alice

Touching the Sky

Rose, Lisa

AR 2.4 Quiz No. 197953 EN

In this book, Star Powers helps her friend learn the difference between a rock and a meteorite.

While we can't hug

by McLaughlin, Eoin, author

Hedgehog and tortoise are the best of friends. But they're not allowed to **hug**. Luckily there are lots of other ways to show someone you love them.

Cat Kid Comic Club

Pilkey, Dav

AR 2.9 Quiz No. 509689 EN

Li'l Petey, Flippy, and Molly introduce twenty-one rambunctious, funny, and talented baby frogs to the art of comic making. As the story unwinds with mishaps and hilarity, readers get to see the progress, mistakes, and improvements. Book #1

Refugee 87

Fountain, Ele

AR 4.8 Quiz No. 502255 EN

In the Middle East, fourteen-year-old Shif embarks on a continent-crossing journey of survival after he is imprisoned and then becomes a refugee.

I Am Humble

Chang, Kirsten

AR 1.9 Quiz No. 506384 EN

This book explores what it means to be tolerant.

Common Garter Snakes

Sabelko, Rebecca

AR 3.0 Quiz No. 500678 EN

Simple text and photographs introduce young readers to garter snakes.

Common Snapping Turtles

Sabelko, Rebecca

AR 2.9 Quiz No. 500679 EN

Simple text and photographs introduce young readers to snapping turtles.

Gray Foxes

Sabelko, Rebecca

AR 2.6 Quiz No. 500680 EN

Simple text and photographs introduce young readers to gray foxes.

Northern Leopard Frogs

Sabelko, Rebecca

AR Quiz 2.9 No. 500683 EN

Simple text and photographs introduce young readers to northern leopard frogs.

Kindergarten

Do you wanna build a snowman? Well this month our Kindergarten class drew their very own snowmen!

On January 27, the grade 1/2 class paired up with the grade 5/6 class for another virtual paired reading time, by using their iPads and Chromebooks and linking up on a Google Meet. The students thoroughly enjoyed reading to each other, and having some time to chat!

Grades 1/2

Here they are practicing their math skills with some fun math games. Also they are showing off their drums that were made after they learned about Inuit drum dancing.

Grade 3/4

On Tuesday, January 12 the grade 3 and 4 students took part in a water safety program put on by the Lifesaving Society. This year the program was offered virtually through zoom. Our presenter delivered an engaging and informative program. Many different topics related to water safety were discussed. Students learned about how to spot dangers at the beach, how to size a life jacket, what to do if they fall through the ice, how to assist a drowning person, and many other topics.

Students who took part in the program received a certificate from the Water Smart Program.

On Thursday, January 21 the grade 3 and 4 students took part in a zoom presentation from Dr. Darren Phillips. Dr. Phillips is a former student of New Myrnam School and is now an optometrist practicing in Lloydminster. The presentation reviewed and demonstrated many topics from our study of "Light and Shadows" (grade 4 science curriculum).

Dr. Phillips joined us from his office, D&A Optometry. He was able to show us models of the eye, tools used during eye exams, and demonstrate how glasses can bend light and help us to see better.

The grade 3 and 4 students enjoyed the presentation and the opportunity to ask questions about vision and eye health. We would like to thank Dr. Phillips for taking the time to meet with us and for preparing the exciting presentation.

Vision Presentation

Grade 3/4

New Myrnam School says Hello to new staff!

Hello! I am so very excited to be here! I live in Myrnam with my fiancé and my wonderful zoo of pets. In 2019 I graduated from Lakeland College with a diploma in Early Learning & Child-care which I am more than excited to finally be using my education. In the summer time you will find me at the lake on the water or outside working with the cattle, and in the winter time, ice fishing and more cattle! Some of my hobbies include creating fun activities for children and teens to work with and organizing and cleaning. Crazy I know - who loves cleaning anyways?! It's so awesome getting to know you all and I look forward to an amazing year ahead and meeting everyone!

Hello, I'm Miss Urichuk and I am extremely excited to be joining New Myrnam School! I can't wait to get to know all of you and your interests. I wanted to let you know a little about myself before we start this adventure. I have a passion towards gardening and planting a garden, sport, board games and outdoor activity. My favourite time of the year is fall because of all the beautiful colors of nature. I grew up on a farm with cattle and grain, but I'm looking forward to everything you all are going to teach me. Thank you so much for welcoming me into your school. I look forward to the rest of this year.

Pink Shirt Day

February 24th is recognized across the country as Pink Shirt Day, a day to wear pink to raise awareness regarding bullying and show support for positive interactions between all individuals. While these are values we practice and encourage throughout the year, this day is important to draw attention to these issues to find solutions together.

On February 24, 2021, we encourage everyone to wear pink to symbolize that you do not tolerate bullying.

As a school, we have an opportunity to place a bulk discounted order for Pink Shirts. **If you would like to purchase a shirt, please submit your order with payment and the attached form to the office no later than Feb. 9. The cost is \$8.00 per shirt.**

Youth T-Shirt Size Chart:

Size	XS	S	M	L	XL

Winter Clothing

Now that the winter weather is upon us, it's now time to remember to dress warmly for recess and for the ride into school on the bus.

Dress in a jacket, snow pants, a toque, gloves or mittens, and boots to stay nice and warm. It may also be good idea to send an extra set of hat and mitts as this year we are unable to provide extras due to Covid regulations.

COVID-19 INFORMATION

HOW TO WEAR A NON-MEDICAL MASK

Non-medical masks, including homemade cloth masks, can help prevent the spread COVID-19. They are another tool to use in places where it's difficult to keep two metres from other people for extended periods of time – such as public transit, grocery stores, pharmacies, hair salons, airplanes and some retail shops.

Masks do not replace proper hygiene, physical distancing or isolation to prevent the spread.

FOR MORE INFORMATION ON WEARING AND CARING FOR YOUR MASK

COVID-19 ALBERTA HEALTH DAILY CHECKLIST (FOR CHILDREN UNDER 18)

Overview

This checklist applies for all children, as well as all students who attend kindergarten to Grade 12, including high school students over 18. Children should be screened every day by completing this checklist before going to school, child care or other activities. Children may need a parent or guardian to assist them to complete this screening tool.

Screening Questions

1. Has the child:

(Choose any/all possible exposures)

Traveled outside Canada in the last 14 days? When entering or returning to Alberta from outside Canada, individuals are legally required to quarantine for 14 days unless enrolled in the Alberta COVID-19 International Border Pilot Project	YES	NO
Had close contact with a case of COVID-19 in the last 14 days? Face-to-face contact within 2 metres for 15 minutes or longer, or direct physical contact such as hugging	YES	NO
If the child answered "YES" to any of the above: - The child is required to quarantine for 14 days from the last day of exposure. - If the child is participating in the Alberta COVID-19 International Border Pilot Project, they must comply with the program restrictions at all times. - If the child develops any symptoms, use the AHS Online Assessment Tool or call Health Link 811 to determine if testing is recommended.		
If the child answered "NO" to both of the above: Proceed to question 2.		

2. Does the child have any new onset (or worsening) of the following core symptoms:

Fever Temperature of 38 degrees Celsius or higher	YES	NO
Cough Continuous, more than usual, not related to other known causes or conditions such as asthma	YES	NO
Shortness of breath Continuous, out of breath, unable to breathe deeply, not related to other known causes or conditions such as asthma	YES	NO
Loss of sense of smell or taste Not related to other known causes or conditions like allergies or neurological disorders	YES	NO
If the child answered "YES" to any symptom in question 2: - The child is to isolate for 10 days from onset of symptoms. - Use the AHS Online Assessment Tool or call Health Link 811 to arrange for testing and to receive additional information on isolation.		
If the child answered "NO" to all of the symptoms in question 2: Proceed to question 3.		

3. Does the child have any new onset (or worsening) of the following other symptoms:

Chills Without fever, not related to being outside in cold weather	YES	NO
Sore throat/painful swallowing Not related to other known causes/conditions, such as seasonal allergies or reflux	YES	NO
Runny nose/congestion Not related to other known causes/conditions, such as seasonal allergies or being outside in cold weather	YES	NO
Feeling unwell/fatigued Lack of energy, poor feeding in infants, not related to other known causes or conditions, such as depression, insomnia, thyroid dysfunction or sudden injury	YES	NO
Nausea, vomiting and/or diarrhea Not related to other known causes or conditions, such as anxiety, medication or irritable bowel syndrome	YES	NO
Unexplained loss of appetite Not related to other known causes or conditions, such as anxiety or medication	YES	NO
Muscle/joint aches Not related to other known causes or conditions, such as arthritis or injury	YES	NO
Headache Not related to other known causes or conditions, such as tension-type headaches or chronic migraines	YES	NO
Conjunctivitis (commonly known as pink eye)	YES	NO
If the child answered “YES” to ONE symptom in question 3: - Keep your child home and monitor for 24 hours. - If their symptom is improving after 24 hours, they can return to school and activities when they feel well enough to go. Testing is not necessary. - If the symptom does not improve or worsens after 24 hours (or if additional symptoms emerge), use the AHS Online Assessment Tool or call Health Link 811 to check if testing is recommended. If the child answered “YES” to TWO OR MORE symptoms in question 3: - Keep your child home. - Use the AHS Online Assessment Tool or call Health Link 811 to determine if testing is recommended. - Your child can return to school and activities once their symptoms go away as long as it has been at least 24 hours since their symptoms started. If the child answered “NO” to all questions: - Your child may attend school, child care and/or other activities.		

Please note: If your child is experiencing any symptoms from the lists above, do not bring them to visit a continuing care or acute care facility for 10 days from when symptoms started/until symptoms resolve (whichever is longer), unless they receive a negative COVID-19 test result and feel better.
